Zip 94035

*e. Other Locational Data:

*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

Building N-218B is an industrial building located midblock on Durand Road, adjacent to the N-218 Wind Tunnel. Building N-218B is a steel framed building with box-rib metal siding and a flat roof. This building is utilitarian in nature and has no architectural ornamentation. It has a roll-up metal door on the east side and a hollow metal door on the south side. The building has been used as a fan verification facility and is 340 sq. ft.

This building appears to be in fair condition.
